PROFESSIONAL SUMMARY

Bachelor of Science in Information Systems (BSIS) graduate with practical experience developing enterprise and healthcare applications using ASP.NET Core 10, C#, Entity Framework Core, PostgreSQL, and modern frontend technologies such as React and Next.js. Skilled in RESTful API development, database design, authentication and authorization, and software architecture principles. Experienced in building scalable business applications, streamlining workflows, and delivering maintainable solutions through clean code and modern development practices. Eager to contribute strong technical skills and a growth mindset in a professional software development environment.

TECHNICAL SKILLS

- **Front End:** HTML, CSS, JavaScript, React.js, Next.js, Typescript, Tailwind, SCSS, Tanstack Query, Zod
- **Back End:** Node.js, Express.js, Prisma(ORM), RESTful APIs, JWT, MySQL, PostgreSQL, C#, ASP.NET Core (.NET 10), Entity Framework Core, LINQ, Fluent Validation
- **Tools:** Git, GitHub, GitHub Actions (CI/CD), Docker, Postman, Scalar, Cloudinary, VS Code, Shadcn, Figma, AG-Grid

EXPERIENCE

Noynay Medical Inc.

Feb, 2026 - May 2026

Lead Full Stack Developer Intern

- Developed healthcare web applications using ASP.NET Core (.NET 10), C#, React/Next.js, and PostgreSQL.
- Designed a secure and scalable monorepo structure to manage multi-package architectures efficiently.
- Automated clinical inventory, medication ordering, and patient tracking workflows to eliminate processing bottlenecks.
- Integrated Patient Information, Pharmacy, and Laboratory modules with secure RESTful APIs.
- Optimized data retrieval workflows, reducing administrative record lookup time by 50% through intuitive, high-performance interfaces.

THESIS PROJECT

Macoleen's Pharmacy

Full Stack Developer

- Developed a comprehensive pharmacy management system using ASP.NET Core 10, C#, Entity Framework Core, PostgreSQL, and React/Next.js.
- Replaced paper-based tracking with a digital inventory system, reducing manual administrative tasks by 70%.
- Integrated Pusher notifications for real-time visibility into stock level updates and order changes.
- Built custom reporting modules that increased data tracking accuracy by 85% and cut weekly management processing time in half.

EDUCATION

Bachelor of Science in Information System

Kolehiyo ng Lungsod ng Dasmariñas

2022 - 2026
